

EMBED OUR CUSTOM BUILDER INTO YOUR WEBSITE!

Choose one of the following embedding options that best suits your business.

OPTION 1: Embed

(For sites without shopping cart functionality)

Your customers can go to your website to access our CHAMPRO Custom Builder and do the following:

- Design a uniform
- Enter their roster
- Save into the dealer's saved designs folder

You can then confirm the order with the customer and push through to CHAMPRO's shopping cart process.

Follow the instructions below to embed the builder:

1. Generate customer key
2. Embed the code

OPTION 2: Embed & Integrate

(For sites with shopping cart functionality)

Embed through our API to integrate with the Custom Builder and utilize the following features:

1. Access customer designs, rosters, SKUs, and PDF art proofs.
2. Retrieve order data
3. Customer can place completed designs directly through the CHAMPRO shopping cart.

Find the technical documentation to complete this integration at <http://cb.champrosports.com/v4/index>
